Dear Customer of Pacific Centrex Services (PCS1) dba Datavo:

As you may be aware, the provision and management of your local and long distance telephone service is being transferred from Pacific Centrex Services/PCS1 dba Datavo (Datavo) to Pacific Centrex Datavo, LLC, a wholly owned subsidiary of Blue Casa Telephone, LLC, subject to regulatory approval. We anticipate that the transfer will take place on or about July 31, 2016. Pacific Centrex Datavo and Blue Casa Telephone are pleased to welcome you as a valued customer and is committed to providing you with the same high-quality service that you have been receiving from Datavo.

Both companies were founded with a focus on customer satisfaction. We provide local services including long distance and data services with California-based network operations and support staff ready to meet your communications requirements.

Following the transfer you will continue to receive service under the terms and conditions of your existing contract at the same rates you currently enjoy for all services, as shown on your current bill from Datavo. And, of course, there will be absolutely no charges to you due to the transfer. If any changes to rates or the terms and conditions of your service were to take place they will only be done in accordance with the terms of your contract, and you will be notified of them in advance in accordance with applicable regulatory requirements.

We at Pacific Centrex/Datavo truly look forward to the opportunity to serve you, but want to inform you that you have the right to subscribe to local and long distance service from any carrier you desire. You may choose to switch to another carrier either before or after the transfer to Pacific Centrex/Datavo; however, early termination fees may apply if provided by your contract, and neither Datavo nor Pacific Centrex/Datavo will be responsible for any charges that your new carrier may assess.

The transfer from Datavo to Pacific Centrex/Datavo will take place automatically on the scheduled transfer date (unless you have changed your service to another carrier prior to that time), even if you previously have requested that no changes be made to your preferred interexchange (long distance) or local carrier without your written consent (commonly referred to as "PIC freeze"). If you wish to arrange for a new PIC freeze following the transfer, you must contact us after the transfer is completed in order to do so.

Before the transfer date, Datavo will continue to be responsible for all of your customer service and billing issues. We recommend you contact **877.732.8286** with any billing or customer service inquiries or complaints that you may have prior to the transfer. After the transfer, all billing and service matters need to be directed to Pacific Centrex/Datavo the same toll-free customer service number **877.965.7800** where we will be happy to assist you.

Pacific Centrex/Datavo, the wholly owned subsidiary of Blue Casa Telephone, values your continued business, and we will gladly respond to any questions you may have about our services or the transfer. If you do have any questions regarding Blue Casa Telephone or the transfer, please feel free to contact us at **877.965.7800**, during business hours when a trained representative on the transfer is available.

Sincerely,

Jeff Compton
